Oxfam believes that in a world rich in resources, poverty isn't a fact of life but an injustice which must be overcome.

Oxfam responds in emergencies to save lives; works with people to improve their lives and prospers through longer term development programmes; and campaigns on the issues that will achieve lasting change.

We believe that everyone is entitled to a life of dignity and opportunity; and we work with poor communities, local partner organisations, volunteers, and supporters to make this a reality. Oxfam's goal is a world where every person is secure, skilled, equal, safe, healthy and heard
